

Qman

1402-7

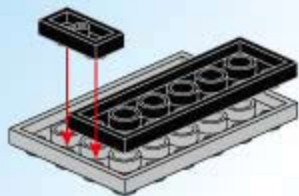

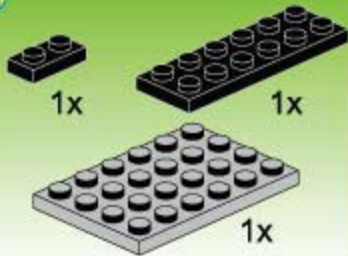

Ages: 6+

PCS: 81

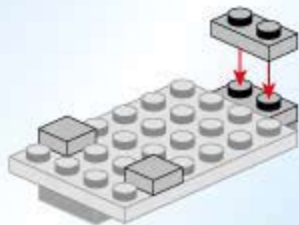

A detailed LEGO Technic model of a space lander, the "Thunder Challenger". It features a grey base, purple structural elements, and two large black engines with blue flame-like details. A large purple gear is visible on the right side. The model is set against a space background with a planet and stars. A bright orange and yellow flame effect is shown coming from the front of the lander.
