178

1x 1x 1x

A diagram for step 178. It shows a light blue box containing three items: a yellow 1x3 Technic brick, a pink 1x3 Technic Technonut, and a red 1x1 Technic axle pin. Below this, a smaller diagram shows the pink Technonut being inserted onto the red axle pin. An arrow points to the final assembly, where the pink Technonut is mounted on the red axle pin, which is inserted into the central hole of the yellow brick.

179

1x 1x

A diagram for step 179. It shows a light blue box containing a yellow 1x3 Technic brick and a red 1x1 Technic axle pin. Below this, a smaller diagram shows the red axle pin being inserted into the central hole of the yellow brick. An arrow points to the final assembly, where the red axle pin is inserted into the yellow brick, and the pink Technonut from step 178 is mounted on top of it.

180

1x 2x

A diagram for step 180. It shows a light blue box containing a pink 1x3 Technic Technonut and two red 1x1 Technic axle pins. Below this, a smaller diagram shows one red axle pin being inserted into the Technonut. An arrow points to the final assembly, where the Technonut is mounted on the red axle pin from step 179, and a second red axle pin is inserted into the Technonut from the side.

181

1x 1x

A diagram for step 181. It shows a light blue box containing a yellow 1x3 Technic brick and a red 1x1 Technic axle pin. Below this, a smaller diagram shows the red axle pin being inserted into the central hole of the yellow brick. An arrow points to the final assembly, where the red axle pin is inserted into the yellow brick, and the pink Technonut from step 178 is mounted on top of it.

182

1x 1x 1x

A diagram for step 182. It shows a light blue box containing a yellow 1x3 Technic brick, a pink 1x3 Technic Technonut, and a red 1x1 Technic axle pin. Below this, a smaller diagram shows the pink Technonut being inserted onto the red axle pin. An arrow points to the final assembly, where the pink Technonut is mounted on the red axle pin, which is inserted into the central hole of the yellow brick.

183

2x 2x

A diagram for step 183. It shows a light blue box containing two pink 1x3 Technic Technonuts and two red 1x1 Technic axle pins. Below this, a smaller diagram shows one red axle pin being inserted into one of the Technonuts. An arrow points to the final assembly, where the Technonut is mounted on the red axle pin from step 182, and a second red axle pin is inserted into the Technonut from the side.

184

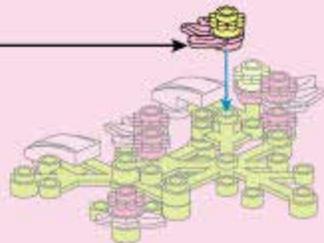

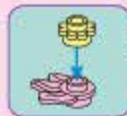

183

181

A diagram for step 184. It shows a light blue box containing a yellow 1x3 Technic brick, a pink 1x3 Technic Technonut, and a red 1x1 Technic axle pin. Below this, a smaller diagram shows the red axle pin being inserted into the central hole of the yellow brick. An arrow points to the final assembly, where the red axle pin is inserted into the yellow brick, and the pink Technonut from step 178 is mounted on top of it. A large, faint watermark of a character is visible in the background.
