- 1

Step 1 shows a black 1x3 Technic Technic connector being placed on top of an orange 1x3 Technic brick with holes. Two blue arrows point to the holes on the orange brick, indicating where the black connector's pins should be inserted.
- 2

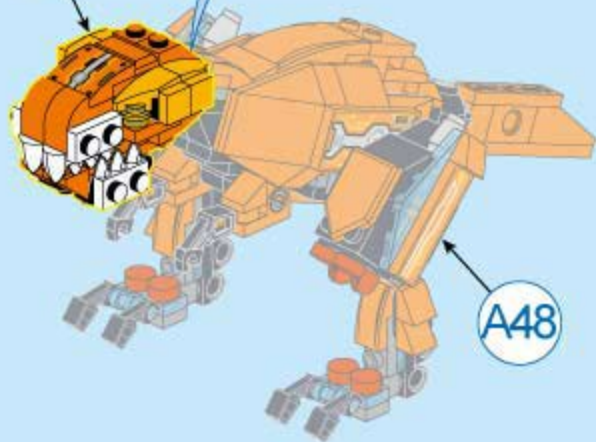

Step 2 shows an orange 1x2 Technic brick with holes being placed on top of a black 1x2 Technic Technic connector. A blue arrow points to the hole on the orange brick, indicating where the black connector's pin should be inserted.
- 3

Step 3 shows the two sub-assemblies from steps 1 and 2 being joined together. A black 1x3 Technic Technic connector is being inserted into the holes of the orange 1x3 Technic brick with holes. The number '2x' indicates that two of these sub-assemblies are needed.
